

# BACKGROUND CHECK INTEGRATION WITH PAGEUP

## SOLUTIONS OVERVIEW

Verified Credentials' integration with PageUp lets hiring managers order, track, and view background checks directly from their PageUp account. This unique solution initiates background screening in any stage of the talent acquisition or employment process.

### ACCESS DATA FROM A SINGLE SOURCE

No more logging into multiple systems to access employment background screening services.

### REAL-TIME ORDERS AND STATUSES

View real-time status updates and background screening results from your dashboard.

### UNLIMITED BACKGROUND CHECK PACKAGES

Set up UNLIMITED background check packages to screen based on unique job/role requirements.

### ELIMINATE REDUNDANT DATA ENTRY

Candidate data is automatically transferred to Verified Credentials for order processing.

### EASY SET-UP

Our integration solutions specialists complete simple mapping of data fields in a few weeks.

## HOW IT WORKS

### 1 | ORDER

Place order from your ATS dashboard

### 2 | STATUS

Access live updates on each order

### 3 | REPORT

View complete background reports in your dashboard

# WHO WE ARE

Since 1984 Verified Credentials has focused on providing a variety of background checks, verifications, and innovative screening tools to organizations nationwide. Trusted by thousands of organizations across all industries, we serve Fortune 500 companies, world renowned hospitals and healthcare providers, leading colleges and universities, and more.

As a pioneer in background screening, we use our experience and innovative spirit to help organizations create, manage and streamline their background screening programs. We take pride in understanding our customer's unique needs and we excel at responding to complex requirements with real-world, effective solutions.
